An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John James McGlew on 4/8/05.

Drawings

Reasons for Allowance

Claims 1-2, 4-5 and 7-8 allowed.

The following is an examiner's statement of reasons for allowance:

As to claims 2, 5 and 8, the prior of record, taken alone or in combination, fails to disclose or render obvious a sensor head comprising a photosensing means including linear image sensors disposed extending in parallel with the central axis of the virtual surface for receiving the light transmitted by the optical system, in combination with the rest of the limitations of claim 2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
